About the Band

Inspired by the timeless sounds of early 60s and 70s reggae and soul music, the rocksteady group, The Dub Collectors, are dedicated to bringing their unique flavor of this classic genre in to the national spotlight. Combining melodic 3 part harmonies, hypnotic groovy drum rhythms, and catchy singable hooks, The Dub Collectors vintage style transports audiences to another time while keeping the energy in the here and now.

Formed in sunny St. Petersburg, FL in 2019, the 4-piece band features frontman Ryan Shadowens (Vocals/Guitar), Colin Smith (Vocals/Guitar), Burnes Feaster IV (Bass/Vocals), and Oscar Matallana (Drums). Currently in studio, the band is writing and self producing an album set to release in 2026. While reggae critics and casual listener's eagerly await its arrival, one thing is for certain; it will surely be an indisputable display of the quartet's commitment to authenticity and true mastery of the rocksteady genre.
